FOR MORE INFORMATION, PLEASE CALL 477-9118

Attending a gathering such as this comes along very rarely. At this event, you will not only have the opportunity to meet a network of professionals in the field of domestic violence, but obtain ideas and practices that you may be able to use in your community. It's a chance to form lasting working relationships with clergy, ministers, and representatives from other faith based organizations in a collaborated effort to end violence.

During the the conference, the information that is presented is equal to an intensive course of study relating to domestic and family violence. In recognition of your presence, certificates of attendance will be awarded to those who complete the 85% of allocated time at the conference.
