Guam Coalition Against Sexual Assault & Family Violence presents...

2020 kNOw More Webinar Series: Addressing Safety & Technology in Virtual Spaces

Featuring presenters from the **National Network to End Domestic Violence – Safety Net**, this 4-day technology safety primer sessions will give advocates a foundation as they work with survivors around technology-facilitated abuse. These sessions will be topic specific giving participants the ability to identify and build knowledge and skills in different focus points at the intersection of technology and intimate partner violence.
